## GRA Machine Authentications

### The GRA will:

Identify, inspect, and date machine.

Provide Dating Certificate.

Endorse V765 form (*application to recover an original number*) if required.

*Advise only* on making application to DVLA for original or age-related number.

All machines will be subject to inspection by a GRA- approved examiner.

All machines to be inspected – if practicable.

**Only complete machines will be inspected.** *This is because the DVLA set criteria for allowing age-related or recovered numbers which require them to be satisfied that the machine is complete and has original major components. Also additional rules apply to heavily modified machines.*

Applicant is required to provide clear photographs on **PHOTOGRAPHIC PAPER** of both sides of the machine.

Plus, a photo of the frame number.

Plus, a rubbing of the frame number.

These photos and the rubbing will be handed to the examiner at the time of the inspection.

*Unless otherwise agreed,* the applicant must take the machine to the examiner's address.

If the examiner agrees to travel to carry out the inspection, the applicant is responsible for reimbursing his reasonable expenses.

A fee will be charged for all dating certificates and endorsements.

For applications made from 1<sup>st</sup> January until further notice the fee will be £10 for GRA members, £25 for non-members.

**PLEASE INCLUDE AN SAE WITH YOUR APPLICATION**

Dating Certificates will only be obtainable from the GRA Authentications Officer.
